AQUEDUCT BILL BEING DEBATED.

Attorney for Power Interests Threatens Title Attack.

Judge Dixon Makes Impassioned Plea to Block Law.

Special Counsel Mathews Defends Acts of City.

(SPECIAL DISPATCH.)
WASHINGTON, April 21.—Power interests opposing the Los Angeles aqueduct bill have announced to the Senate Committee on Public Lands their intention to have the Attorney-General of the United States institute proceedings against the city of Los Angeles for the cancellation of all patents to lands obtained under the act of 1904. They boldly accuse the municipality of illegality in the purchase of lands

in connection with the aqueduct project and propose to ask the United States Supreme Court if necessary, to restore these lands to the public domain.

J. B. Dixon, of Denver, who appeared as counsel for the power people, denounced the city of Los Angeles for its aqueduct plans in no uncertain terms. In summing up an impassioned plea for the defeat of the proposed legislation, he amended to suit the objects sought by his clients, the attorney declared that it was against the nation's economy plan that "a report like Los Angeles should be built up" when it would be infinitely better to encourage the Imperial Valley power development and other projects.

W. B. Mathews, special counsel for the city, explained to the committee that opposition of the Sierra Power Company, and the Nevada-California Power Company, represented by Judge Dixon, to Los Angeles patents, was prejudiced by the Department of the Interior after long conferences and thorough investigations.

SENATORS QUIET DIXON.
Senators Phelan and Chamberlain sought to the Judge Dixon down to an explanation for the recent purchase of the Sierra Power Company land by the Nevada-California Power Company at a price, quoted by the attorney at \$100,000, when it was apparent that such vital litigation was pending. The counsel dodged a specific reply by resuming his attack on the power privileges of the Los Angeles municipality.

Both members of the Senate committee and Attorney Mathews called attention of the utilities counsel to the fact that the place for an attack on the legality of the titles to the land was in the courts and not in the committee room.

CLUB IS PROSPEROUS.

Republican's Profitable Bar Gone; But Membership Gains.

(SPECIAL DISPATCH.)

NEW YORK, April 21.—In the case of the National Republican Club the transition from a moist to a bone dry institution has not left a financial scar, according to reports at the annual meeting tonight, when Charles D. Hill was re-elected president. Like the bar in other large city clubs, the one in the National Republican Club was well patronized and profitable. The officers elected a year ago faced the year with more or less misgivings on the score of financing the institution without advancing the dues. But during the year a deficit has been transformed into a surplus. The club house has been redecorated and much new equipment has been installed. The year marked an unprecedented gain in membership. Five hundred and sixty-one new members were accepted.

JAP SPECULATORS CAUGHT IN CRASH.

(BY CABLE AND ASSOCIATED PRESS.)

TOKIO, April 21.—The stock, cotton and rice exchanges closed today as a result of a ten day slump in prices. With the close of the stock exchanges the losses to speculators were estimated at 2,000,000,000 yen.

WILL FURNISH COAL TO ITALY.

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, April 21.—England will furnish Italy with considerably more coal than she now has and some raw materials, if the tentative agreement just received is confirmed at a conference of representatives of the two countries, to be held in London soon. The present plans are only outlined, details being left to the conference.

CITY LOSES APPEAL IN HARBOR TAX SUIT.

TEN THOUSAND MUST BE GIVEN BACK TO WHARF COMPANY, HIGH COURT RULES.

(SPECIAL DISPATCH.)

SACRAMENTO, April 21.—As the result of an opinion handed down today by the Third District Court of Appeal in the suits of the Outer Harbor Dock and Wharf Company of Los Angeles against the city of Los Angeles, the city stands to lose approximately \$10,000, which the court holds was improperly collected in taxes on assessments on improvements to tidelands leased by the company.

The appeal involved two actions brought by the company to compel the city to refund taxes asserted to have been illegally collected in 1911, 1912, 1913 and 1914 on assessments against the company for leasehold interest on improvements on tidelands at Los Angeles Harbor and taxes for the years 1915 and 1916 against the company's leasehold interest in a wharf and two warehouses upon the tidelands.

The Appellate Court reversed the judgment of the Los Angeles court, given in favor of the city in the first suit, on the ground that the whole assessment was rendered invalid due to the fact that the wharf and warehouses on the tidelands were assessed with the improvements to the tidelands which were not assessed in a recent Supreme Court decision. The Appellate Court affirmed the judgment in favor of the city of Los Angeles, in suit brought by the Outer Harbor Dock and Wharf Company to recover taxes paid on assessments on its wharf and two warehouses on tidelands at San Pedro.

RESTRaining ORDER IS MADE PERMANENT.

(BY A. P. NIGHT WIRE.)

MEMPHIS, April 21.—Federal Judge McCall today issued a decree making permanent the temporary injunction granted recently to restrain more than 800 lumber concerns and individuals members of the "open competition" plan of the American Hardwood Manufacturers' Association, from the further exchange of stock and sales reports and certain other trade information, which the government charged constituted a conspiracy in restraint of commerce.

BILL PASSES SECOND READING.

(BY A. P. NIGHT WIRE.)

OTTAWA, April 21.—A bill proposing that dealers in German or Austrian goods be required to advertise the fact today passed its second reading in the Senate, after considerable debate.

San Jose Man Killed by Train.

(BY A. P. DAY WIRE.)

SAN JOSE, April 21.—Jesse Shawyer, 21 years old, prominent resident of Sunnyvale, near here, was struck and instantly killed by a train at that place today. He became confused while crossing the tracks.

Tho' Cabinet Oak is Scarce

—The Dining Room Department at Barker Bros. has a large quantity of furniture of this most durable of cabinet woods, and we are selling it at prices far below the regular markings.

The oblong table shown in the sketch is one of the most extraordinary features of the oak furniture display. It has the smart rounded corners so much in vogue and the popular William and Mary turning.

Chairs to match have backs of wood and upholstering of denim, or cane backs and seats of leather.

This suite is extremely reasonable at its present pricing.

A demonstration of the Simplex Ironing Machine will be held in the Electrical Equipment Department again on Friday afternoon, from one to four o'clock.

Attractive Breakfast Sets are Specially Priced

A number of beautiful sets of furniture for the breakfast room, in white, black, brown, heliotrope, gray or blue enamel with dainty hand decorations, are offered at substantial savings. Tables, chairs and serving tables may be had to match.

Hundreds of Values for the Bedroom

Significant price savings have been made on every article of bedroom furniture except a few restricted patterns.

A rare value at its present pricing is a beautiful suite of American walnut in the William and Mary period design. Each of the five pieces of this suite—Bed, Dresser, Chiffonade, Vanity Dresser and Dressing Table—is of a high quality of wood and workmanship.

Saving on New Cane Furniture

Cane chairs and rockers—large and small—some with high backs, some with low—cushioned in plain or figured velours in tones of putty, mulberry, rose or blue—also cane davenport and settees—are offered at exceptionally worth-while values.

COMMEND HEALTH BOARD.
Health Commissioner Powers and his assistants were yesterday commended by the City Council for the manner in which the health department handled the last influenza epidemic.

"Love its 'homey', orderly
 art. I like to cast my eyes
 about, experiencing a sense
 of satisfaction in its immacu-
 late dominions. Walls and
 ceiling are bright and spot-
 less. My little stove has
 been a pleasant accompani-
 ment to a pleasant and well-ordered
 table at primly in their
 shams like new scholars
 ready to move. Sunshine
 falls in cheery squares
 through the crystal panes,
 flushing the whiteness of the
 old cloth on the pantry
 shelves. My silver-like pots
 and pans wink back the
 dancing high-lights. They
 seem to say: 'Can't you see
 we're ready?' Let's make
 the best of what's in!"

YOU will be prouder of your kitchen than ever before if you equip it with a set of beautiful, silver-like

Aluminum Cooking Utensils

And you will be justified in taking greater pride in your cooking, too, because food always seems to taste better when prepared in cleanly, shining, silver-like "Wear-Ever."

"Wear-Ever" utensils are made in one piece from hard, thick sheet aluminum without joints or seams in which particles of food can lodge. Cannot rust—cannot chip—are pure and safe.

ANOTHER NURSE PRAISES TANLAC

Rid Her of Sixteen Years Suffering.

Has Gained Twenty Pounds in Weight.

Feels Full of New Strength and Energy.

Mrs. Alice Minnick, who has been a professional nurse for thirty-six years and resides at 1815 Twenty-third Ave., Seattle, Wash., adds her voice to the hundreds of others in this profession who have already informed Tanlac.

"Since I began taking Tanlac I have not only gained twenty pounds in weight, but for the first time in sixteen years I am free of pain and enjoying good health," stated Mrs. Minnick. "I constantly had cramping, gnawing pains in my stomach all these years, my appetite was extremely poor and the little I did eat caused me great distress. After every meal my food began to ferment and sour almost at once, I would bloat up with gas, and those terrible pains would get so bad I could hardly stand them. I became badly run-down, lost weight and strength, and felt so tired and worn out all the time I could hardly get around. I had pains in every part of my body but about all the time, but they were especially bad in the small of my back. I also suffered with severe headaches and dizzy spells, and my nerves were so badly upset I could get but little sleep, often lying awake all night long.

"I had heard so much of the good Tanlac was doing others I decided to try it myself, and it proved to be the very thing I needed. I began to improve right away. It was only a few days before my appetite returned, and I can now eat anything I want without having a particle of trouble afterwards. Those terrible gnawing pains that had troubled me so many years have entirely disappeared. I never have a headache or become dizzy, and the pains that were throughout my body have all gone. In fact, my whole system has been built up by Tanlac. I have regained my strength so I can do my work as a nurse, which keeps me on my feet for hours, day and night, without a particle of trouble. Several of my patients have taken Tanlac, and it has proven beneficial in every case. After what Tanlac has done for me I can never say enough for it."

Tanlac is sold in Los Angeles, Pasadena and San Diego by The Owl Drug Store, under the personal direction of a special Tanlac representative. (Advertisement.)

AIRCRAFT DIVES INTO THE OCEAN

Aviator Loses Control, Falls Two Thousand Feet.

Fatal Plunge Witnessed by Hundreds on Beach.

Dead Flyer was Instructor at Army Field.

(EXCLUSIVE DISPATCH.)

LONG BEACH, April 21.—George Daly, 26 years old, of Baker, Or., and Edward H. Connors, 21 years old, of Wilmington, were instantly killed this afternoon when Daly, formerly in the government aviation service, lost control of his airplane at a height of 2000 feet and the machine plunged into the sea near the end of the Pine-avenue municipal pier.

The accident occurred shortly after 3 o'clock and was witnessed by thousands of persons along the beach who were watching the aerial performance.

Daly, who came to Long Beach about two months ago from Baker to accept the position of pilot for the Harbor Aircraft Company of Wilmington, had just completed a loop at a height of 3000 feet and then attempted a Whitcomb, regarded as the most difficult feat of aviation.

The plane was seen to shoot straight toward the sky, nose first, and then something apparently broke under the hard strain of the stunt and the aviator lost control of the machine. After falling into a slow tail spin for about a thousand feet the plane crashed like a plummet in a straight nose dive for 2000 feet and landed into the ocean about a half-mile from shore. It is believed by those who are experienced in aviation that the fuselage, or body of the plane, collapsed under the strain of the attempted Whitcomb.

The bodies of both men were recovered by the tugboat, or body of the plane, collapsed under the strain of the attempted Whitcomb. The bodies of both men were recovered by the tugboat, or body of the plane, collapsed under the strain of the attempted Whitcomb.

Death was believed to have been instantaneous to both. The machine was a Curtiss biplane owned by Al Hyder of San Pedro, who purchased it about three months ago from J. W. Smith of Milton, Or., who formerly conducted an aviation school at Wilmington and is now in the County Jail, Los Angeles, on a charge of stealing an automobile from Walla Walla, Wash., and driving it to this city.

In a plane from the same aviation field, E. L. Birney and Don Gwathney, both of his city, were killed at Wilmington about a year ago.

George Daly was stationed for two years at Kelly Field, Tex., by the government, as an instructor of the Gosport system of flying. While in Long Beach he resided at 688 East First street. The body is at Patterson & McQuillen undertaking parlors.

Edward Connors was a friend of Daly's and was employed in the water department of the city of Wilmington. He resided at 74th and McFarland streets. His body is at the Mortal undertaking parlors.

The bodies of both men were brought to shore by the pleasure launch Tillikum. The plane is a total wreck.

VENICE, April 21.—There are a number of sweeping changes pending in City Hall circles of Venice, in the disturbing meaning of a whisper that is prevalent here to the effect that the newly-organized Italian Fascist government, as the American Theater, last evening, "cutting of a number of heads."

Just what particular men are to be thus suddenly ostracized from official Venice is not in any definite way suggested, while state of things is exciting a deal of worry and conjecture.

A rumor to the effect that since the election an anti-Fascist majority now holds sway on the board, will be effectively denied or affirmed by the nature of the changes that are expected?

NEW FILM ENTERPRISE.

SAM ROKK TELLS PLANS FOR BIG ORGANIZATION.
By Grace Kingsley.

Plans of a highly important nature for the new Sam Rork-Eugene Roth organization were announced yesterday by Sam Rork, president of this concern, as well as of the Katherine MacDonald Productions Company. Having had great success with the MacDonald pictures, released through First National, Mr. Rork wears a smile that is even brighter than the usual famous Rork smile, as he tells of his projects for the new company, which is understood to have unlimited capital at its disposal.

In the first place the new organization plans the building of a studio later, but will remain in present quarters for the time being. In the second place, big productions are projected, only three or four a year, from important stories and plays, some of which have been already bought. In the third place, Mr. Rork states that all his productions will be all-star, and that it isn't likely he will sign any more stars, as such.

As to directors, Mr. Rork has signed up David Hartford and James Young to make a number of super-productions. Hartford is now filming a version of James Oliver Curwood's "Nomads of the North," with a cast including Lewis Stone, Betty Hutton, Len Chaney, Francis MacDonald and Melbourne McDowell. When this is finished, he will commence work with Mr. Rork on James Oliver Curwood's "The Golden Snare."

Mr. Young is finishing "The Notorious Lady," in which Miss MacDonald is starring, and will soon commence directing the star in Rita Weikman's popular story, "Curtain." Miss Weikman is in the city at present, having come from New York to assist in preparing the scenario.

Two of Charles Hoxford's famous plays, viz., "A Parlor Match" (Mr. Rork owns this in conjunction with Charles E. Evans) and "The Texas Steer," have been purchased by the new organization. "The Texas Steer" will be directed by Mr. Young. Both these plays will be released by the First National.

Mr. Rork will leave on Sunday for Chicago, there to attend the meeting of the First National Exhibitors Circuit, and thence will proceed to New York to transact important business.

Raymond Hitchcock Bulletin.
Raymond Hitchcock belongs to the Sleep-Halers Union these days. He is being entertained by all his old friends of the film until he gets no chance to rest a-tail. Yesterday he hid from his drowsy couch at an unearthly hour and he took himself down to the Goldwyn studio to call on Mabel Normand, who is a great friend of both himself and his wife, Flora Zabelle, who, by the by, has just gone into a New York Dillingham show.

Hitchcock took lunch with Miss Normand at the studio cafe, but says it isn't the same place, not at all, as it was in the old days. It's altogether too clean, and all unrattled and fly-free and everything. Last night he dined with Douglas Fairbanks and Mary Pickford at their Beverly Hills home.

Hitchcock will keep on with his present show until the end of the season, when he will return to New York to cook up a new revue for the next year. In it he will have three new chorine girls, he says.

REVIEWS.

IBSEN EPILOGUE.

"WHEN WE DEAD AWAKEN" AT THE LITTLE THEATER.

By Edwin Schallert.

For one to attempt to analyze briefly the revelation of the soul of the artist, as it is made manifest in "When We Dead Awaken," Henrik Ibsen's dramatic epilogue, would be a pointless task. The play—one can hardly call this pageant of thought a play—was presented for the first time here last night under the direction of Reginald Poel at the Little Theater. It is possible only to scathe the past in content, and to give credit to the people who appear for an unexpectedly convincing interpretation.

There are no many different viewpoints you can take on this final drama of the master craftsman, which he himself wrote as his last play. It is an autochthon of Ibsen himself—the final chapter, for he wrote others in "The Master Builder," "John Gabriel Borkman" and "Little Eyolf."

Then again, it is a broad study of the twilight of an artist's life, where he is face to face with the reality of his own achievements. In this respect it recalls those celebrated words of Pierre Rousseau, the French Renaissance poet, to the effect that though "All is vanity, fame is the greatest vanity of all."

Still again it is the play of the ideals of the day. And there we have the woman of Ibsen, the strongest guide. Those later women of Ibsen like the gray lady of "The Master Builder" are either the ghosts of divine harpists or like Maud, they are feverish freedom-loving creatures.

However you may seek to look at this play, it holds for the one who understands his Ibsen a clash that is more than a mere war of intellect and body; it is the warfare of the soul laid bare and goaded to strife by the lash of fate.

Reginald Poel portrayed Rubak, the sculptor with a reserve that gave to the part a bronze-like strength. For two acts he is constantly on the stage, and it takes a fine repression to exercise control over the emotional stress of the part. Olga Gray was the Orens, and her interpretation is a striking achievement, because it is atmosphere. She makes you dread her appearance in the life of the artist, and yet feel the terrible spell which she holds over him, and which leads to the final catastrophe.

Juan de Cruz has the role of the super-caveman, which he plays with a vigor and power. Helen Macdonald enacted vividly the part of the wife. Others in the cast, are Otto Matteson and Virginia Whitehead.

I believe this is rated as the first performance of "When We Dead Awaken" in this country. Except as to staging it is of a very superior quality, and the staging is effective only at times. The drama will be repeated tonight and twice Saturday.

"Silver Horde" Next.

Rex Beach's picture, "The Silver Horde," with its story based on the great fishing industry of the Northwest, is to have its initial showing next week at the California Theater.

This is another of the Goldwyn Authors' Productions of the Goldwyn company.

Shakespeare Evening.

Excerpts from the plays of Shakespeare will be presented by the day drama class of the Egan school Friday evening at the Little Theater. The series of scenes will be taken from "Hamlet," "Much Ado About Nothing," "Julius Caesar," "Merchant of Venice," "Macbeth," "Romeo and Juliet," "King John," "Othello," "Taming of the Shrew," "Merry Wives of Windsor" and "As You Like It."

The performance will be staged under the personal direction of Frank C. Egan.

Judge Plays Himself.

Judge Ben Lindsey made up yesterday at the Famous Players-Lasky studio. The judge has been engaged to play himself in the William D. Taylor production, "Young America," which is now in the making. After Julia Crawford Ivers wrote her story she determined to induce Lindsey to appear at himself and made a trip to Denver to lay her arguments before him. That they were convincing was indicated by his presence at the Southern California studio yesterday.

Griffith Film Showing.

A special showing of D. W. Griffith's production, "The Idiot Dancer," was given last evening so that men prominently identified here with the First National Exhibitors might see the picture before leaving for the convention of the association in Chicago. Among those who saw the picture were Sol Lesser, Dave Barish, Michael Gore, Abe Gore, Jack Callison, Max Roth and others.

"The Idiot Dancer" is particularly heralded as the picture which was made at the time Griffith and members of his company were reported to be in the East.

Richard Barthelmess, Creighton Hale, Kate Bruce, Thomas Carl, Anne Randolph, Porter Strong, Adolphe Lestina and others.

Holubar Getting Ready.

That Allen Holubar will be in action within a week producing a photodrama starring Dorothy Phillips, in the announcement which was made yesterday, Olga Schell, who wrote "The Right to Happiness" and "Holubar" in collaboration with Mr. Holubar, has joined with him in composing the new story. The director is already assembling people for the production at his Hollywood studios.

"Confession" Near Close.

The picture feature, "The Confession," which is showing for the benefit of the American Committee for Devastated France this week at Clune's Auditorium, will close on Saturday night. This is the third effective only at times. The drama

will be repeated tonight and twice Saturday.

Actor on Trial for Offense
with Young Girl.

His Wife Swears "Hypnotism"
on Stage was Bogus.

Plaintiff Says She was Put
"Under the Influence."

A man may be a hypnotist on the stage, but he is not at home, according to Mrs. Robert McVay Godwin, testifying yesterday in Judge Craig's court at the trial of her husband, accused of a statutory offense against Thelma Steinbrenner, aged 14, while the girl was supposed to be under his hypnotic influence. In making his opening statement of the case before reading testimony of the girl, who is now at El Paso, Deputy Dist. Atty. Richardson charged that Godwin induced the girl to be one of his "subjects" on the stage and later, while she was "under his control," committed the alleged offense in the girl's testimony, she said that she was never hypnotized on the stage, but was later.

Mrs. Godwin testified that the "hypnotism" act was a fake, and that her husband never really "put her under his influence," and that he could not do so. CASH NEED IN HOOVER FIGHT.

Millionaire Back Johnson Machine; Money Required to Break His Grip.

Money is the prime need in the campaign to elect in California a Republican delegation pledged to support Herbert Hoover for President. While the Johnson machine in this State, backed by a coterie of California millionaires, is raising a large sum to promote the Johnson cause, the organization that is fighting for Mr. Hoover is crippled by lack of funds.

Every citizen, therefore, who is opposed to the domination of politicians, and to machine rule generally, can fight most effectively with his dollars. The Hoover campaign should understand that failure to vote for Hoover on May 4 will mean that their vote will be lost. Moreover, they really will be aiding Johnson because they may not intend to, if they do not go to the polls."

ADMITTS FAKERY TO ESCAPE JAIL.

Actor on Trial for Offense with Young Girl.

His Wife Swears "Hypnotism" on Stage was Bogus.

Plaintiff Says She was Put "Under the Influence."

A man may be a hypnotist on the stage, but he is not at home, according to Mrs. Robert McNeil Godwin, testifying yesterday in Judge Craig's court at the trial of her husband, accused of a statutory offense against Thelma Steinbrenner, aged 14, while the girl was supposed to be under his hypnotic influence. In making his opening statement of the case before reading testimony of the girl, who is now at St. Paul, Deputy Dist. Atty. Richardson charged that Godwin induced the girl to be one of his "subjects" on the stage and later, while she was "under his control," committed the alleged offense in the girl's testimony, she said that she was never hypnotized on the stage, but was later.

Mrs. Godwin testified that the "hypnotism" act was a fake, and that her husband never really "put anyone under his influence," and that he could not do so. She said that her husband was investigating the supposed activities of the girl, in whom she said the Department of Justice was interested as a possible German spy. It developed that Godwin's arrest and the charge of the girl came after he had taken her to the police station and asked the police to lock her up as a spy.

Questioned by M. G. Phillips, defense attorney, Mrs. Godwin said her husband was conducting an investigation for the Department of Justice, she resides at 711 Temple street, according to testimony.

Dave Higgins, who said he was one of Godwin's "subjects," testified that he faked being hypnotized, and that he was never really "under the influence."

The case was completed yesterday, argument being presented by both sides. The case will be given to the jury today.

MUST PILE UP BALLOTS.

"We Need Hoover—Why not Elect Him?" is Slogan of Los Angeles Workers.

(Continued from First Page.)

that is by piling up an overwhelming vote for him. This can only be done by unremitting effort. We have a formidable organization now in California, made up of as loyal and unselfish a group of representative men and women as ever served a cause, and we are daily adding to its strength. But this battle, in at least one essential particular, is like any other political struggle; it must be won by ballots.

"We need Hoover—why not elect him?" Let all Hoover workers carry this message into every home, workshop, church, store and habitation in California, and we will win victory for Hoover and vast credit to our State.

DOWN THE UNRAVE.

W. M. Garland implied this statement by adding:

"The largest group supporters of Hoover are in the fight for the President. They are the people who opposed the government during the war. His individual spokesmen are men like Senator Gurnea, who voted against the war, against the draft and against every other war measure. His agent of publicity is the Hearst press. Any one of these factors is enough to bring the patriotic American to his senses and make him realize that this is a war victory for Hoover and vast credit to our State."

Walter B. Leeds, in charge of the city organization of the Hoover Republican Club, said yesterday, the excellent results are flowing out of the district organization work and that by the end of this week the entire city will virtually be covered. He urged that all Hoover supporters be able to give a few hours a week to work in this project, get in communication at once with the headquarters, 712 South Spring street, phone 48-111.

J. W. Wilcox, former president of the Automobile Dealers' Association, who has charge of the county organization of the Hoover campaign in Southern California, said yesterday that reports from Imperial and Riverside counties indicate that great progress is being made there by the Hoover clubs, made up largely of the most prominent ranchers and business men.

In a communication to Charles C. Chapman, in charge of the largest citrus growers in Southern California, which Mr. Chapman forwarded to the Hoover Republican Club, O. E. Barr, head of the Barr Lumber Company of Whittier, and a prominent Democrat, offers his support to Hoover and suggests a reason why other California Democrats should do likewise. He says:

"I am pleased to advise you that although I am registered as a Democrat I am an ardent admirer of Herbert Hoover and for several weeks past have said that I would support Mr. Hoover if he is nominated by either the Republican or Democratic party. Though Mr. Hoover's candidacy is being promoted by the Republican party, I am not a member of that party. As Attorney-General I will be able to cast my vote for Hoover delegates in the primary election, May 4, and I will do so. I hope to have the help of my constituents in this city, especially by the Owl Drug Co. (Advertisement.)"

primary ballot it is probable that a majority of the voters of these two candidates will vote for Hoover. This is the view held at the Hoover Republican Club headquarters where Chairman Lomas pointed out yesterday that the improbability of Johnson capturing any considerable number of either Lowden or Wood votes was obvious.

"There is nothing in common between either of these two Republican conservatives and the radical Johnson," he said. "Supporters of Gen. Wood and Gov. Lowden, however, should understand that failure to vote for Hoover on May 4 will mean that their vote will be lost. Johnson, though they may not intend to, if they do not go to the polls."

BAN ON AUTOS HURTS TRADE.

(Continued from First Page.)

Whitely Company said: "The no-parking ordinance is hurting us badly. We had turned out four cars yesterday to include Fourth and Broadway place because of the reduced number of persons taking luncheon there."

P. E. Wood said: "The no-parking ordinance is particularly injurious to the small merchant."

TURN'S SUGGESTION.

All of the speakers, merchants and traffic officials agreed that the abolition of the left-hand turn in the downtown district would be a success, and Chief Engineer Osborne stated that he hoped that the Council would extend the no left-hand turn to include Fourth and Third on Broadway. The business men ask the Council, however, to make an exception of Fifth and Hill streets, permitting the left-hand turn there that automobile traffic is going from the south or southwest in a northerly direction may have an opportunity of getting to the northern part of the city without going around the hill district.

FIGHTS PARKING LAW.

Man who Voluntarily Submitted to Arrest Calls it Discriminatory.

The test case of the no-parking ordinance brought by Earle C. Anthony was heard immediately yesterday in Judge Fredericksen's court and a decision postponed on the question of the validity of the ordinance until May 5.

The attorney for the defendant, L. G. Thompson, an employee of Mr. Anthony, who submitted voluntarily to arrest to bring the case before the court, contended that there was no proof of guilt, as it was shown by the testimony of the arresting officer that merchandise was delivered to the car from the store in front of which the automobile was parked, and therefore Mr. Thompson was entitled to park for a maximum of fifteen minutes, instead of only two minutes, limit for loading or unloading passengers only.

The validity of the ordinance was attacked on the grounds that it was discriminatory in many respects, in that it did not provide for emergencies, such as forced stops for fire trucks, accidents, or other causes of that nature.

The provision that exempts certain parts of several streets in the district defined as the congested district was attacked also, in that it discriminated against property owners, merchants and others.

BORTONS MUST PAY HUNDRED THOUSAND.

ELEVEN THOUSAND CHARGED BY COURT TO HURD, THE OUSTED TRUSTEE.

In a suit for an accounting tried some time ago by Judge Avery, the latter yesterday fixed the amount due the Hammond Lumber Company at about \$105,000 and enjoined the sale of certain trust property, if E. P. Horton and his wife, Laura Horton, pay that amount.

The court also charged \$11,000 to C. C. Hurd, trustee, who was removed after a trial started 42 days ago. The court found that Mr. Hurd, as trustee, had made a profit of \$9500 on the sale of the Kinross Apartment house, a portion of the trust property.

The Bortons owned the Blackstone Apartments and a ranch in Tulare, and had done business with the Hammond Lumber Company of approximately \$400,000. The litigation is the resultant of their business dealings, the title line being Mr. Hurd's alleged mismanagement of the trust property. Nathan Nowb, represented the Bortons. Former Senator Hurd and R. L. Horton were counsel for the defendants.

JEWELRY VANISHES.

Diamond rings and earrings and a pearl locket, all valued at about \$2000, were either lost or stolen from Mrs. Jeanne Bohm 424 West Seventy-third street yesterday in a downtown department store. The jewelry was missed by Mrs. Bohm from her handbag when she left the store.

HERE'S HOOVER CAMPAIGN SONG.

College Boys Singing It and Bands Will Soon Be Playing It Everywhere.

They are singing it on American college campuses everywhere—big, deep-lunged college boys. Men and women at work are humming it in factory and office. It has been set to music, and bands will soon be playing it wherever people gather. In every Hoover stronghold its refrain is heard. Here it is the Hoover campaign battle-ory:

"Whoop! Whoop! Whoop! for Hoover, Hoover, big man Hoover, Hoover, big man Hoover! He's all right—we'll put him over, Rahl! Rahl! Rahl! Hoover for Hoover!"

CASH NEED IN HOOVER FIGHT.

Millionaire Back Johnson Machine; Money Required to Break Its Grip.

Money is the prime need in the campaign to elect in California a Republican delegation pledged to support Herbert Hoover for President. While the Johnson machine in this State, backed by a roster of California millionaires, is raising a large sum to promote the Johnson cause, the organization that is fighting for Mr. Hoover is crippled by lack of funds.

Every citizen, therefore, who is opposed to the domination of politicians, and to machine rule generally, can fight most effectively with his dollars. The Hoover campaign and the cause of efficient government can best be served right now by sending cash contributions to Henry A. McKee, vice-president of the Merchants National Bank, Sixth and Spring streets, Los Angeles, and treasurer of the Hoover Republican Club of Southern California.

GIRL "RESPONSIBLE" FOR HOTEL SLAYING.

Miss Venetia Morales, 17 years of age, in the City Jail charged with the murder of Antonio Bonilla, 33 years of age, who was shot to death in a New Fifth street rooming-house last Sunday, was held responsible by a Coroner's jury yesterday.

From the witness stand Miss Morales stated that she shot Bonilla after he had forced her into a life of shame and then attempted to collect her earnings. The girl will be charged with murder in a complaint to be issued today.

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you cannot find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.—(Advertisement.)
